CHOICE MICHIGAN GROWN AND IMPORTED BULBS

A WORD ABOUT THE BULB SITUATION

It appears certain that no Tulip Bulbs will arrive from The Netherlands. However, we were again fortunate this season in securing the entire output of the "VAN BRAGT BROS. TULIP FARM" of Holland, Michigan, famous for its Tulip Festival.

The quality of these bulbs is A-1 in every respect and equally as good as the imported bulbs. We also expect to have some British grown bulbs of choice quality.

Inasmuch as good bulbs are scarce it will pay you to send in your order early.
